ACADEMIC PROJECT

SecureAuth - Full-Stack Authentication Development

- React.js Frontend with Tailwind CSS
- Secure JWT Authentication and Google OAuth Integration
- Redux Toolkit for State Management
- Effective CRUD Operations

E-commerce Platform using MERN Stack

- Developed a full-featured e-commerce platform using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Integrated Cloudinary for efficient image uploads and management.
- Implemented JWT-based authentication for secure user access and role management.
- Designed and built responsive and user-friendly interfaces with React.js.
- Ensured robust CRUD operations for managing products, categories, and user accounts.
